

Automated Commercial Environment—Requirements Recommendation

Date:	
Number:	REV-006
Requestor:	TSN Revenue Committee
Customs Co-Chair:	Robert B. Hamilton
Trade Co-Chair:	James Phillips

Requirement
Improved tools by US Customs to control automated issuance of Liquidated Damage Demands (CF5955A).

Business Need
US Customs needs the ability to suspend the automatic issuance of liquidated damage demands when it has been determined that the issue triggering the demand is not the fault of the importer.

Technical Need
Programming to suspend issuing liquidated damages identified by entry number, entry type, port and release type.

Benefits
Reduces processing required by US Customs and Trade – generating the demand, mailing, responding to and processing the likely petition.
